SALT RHEUM ON BODY And Limbs. Obliged to go about on Crutches A Wonderful Cure.

A Wonderful Cure.

MESSRS. WEEKS & POTTER—Gentlemen: In justice to those who may suffer as I have suffered, and as a grateful acknowledgement of the cure I have received from the use of the CUTICURA REMEDIES, I voluntarily make the following statement:

I have had \$84t Rheum on in body and on one leg in a ment, or medicine, or dectors, during this time, did me any permanent good. My triends in Malden and elsewhere know that I have been agreat sufferer, and that my condition at times has been such as to make me despair of ever being able to find a cure, or even a relief. In fact, when I began the use of CUTICURA, my limb was so raw and tender that Loudd not hear my weight on it without the skin cracking and bleeding, and was obliged to go about on crutches. I commenced to use the CUTICURA in April, and at once realized its beneficial effects. It graduality drew the inflammation and humor to the surface and, as fast as it appeared, healed it. At times large quantities would come to the surface, causing burning heat, inflammation, swelling, and itching, which, induces the contact use of CUTICURA, would ray which, induce the contact use of CUTICURA, would ray which, induce the contact use of CUTICURA, would ray which, induce the contact use of CUTICURA, would ray which, induce the contact use of CUTICURA, would ray less and loss severe and finally disappeared, leaving me perfectly cured. I used the CUTICURA we months and took the RESOLVENT most of the time, which were the only remedies I used. I think the RESOLVENT a very strengthening and purifying medicine to take in such extreme cases as mine, because the disease is so weakening to the system.

Very gratefully yours.

ECZEMA OF THE HANDS gred. Interesting Letter from a Well-Known Attorney.

EDITOR NEW ORLEANS PICAYUNE—Sir: Since the fail of 1867, up to the last three weeks, I have been troubled with an eruption of the skin, which the doctors cail by various names, but which is generally known by the name of Eczema or Salt Rheum. The principal place of attack was my hands, which at times, especially during the winter time, were very sore.

At times the disease threatened to spread from my hands and crewless my whole body. Boctors have been my hands and crewless my whole body. Boctors have been my hands and crewless my whole soly. Boctors have been with no more stacess than a singer, and in the stay with no more stacess than a bear of the considerable expense, and much nain and suffering. I had come to the conclusion that I would, as the saying goes, have to grin and bear it.

About iour weeks ago I read in the Picayune the advertisement of CUTICUEA, for sale by our well-known druggist, Mr. LYONS, and resolved to try it. I purchased a fifty cent box, and before it was half used the disease had completely disappeared, and I feel certain that mine is a permanent cure.

My object in sending you this letter is to make known to other sufferers the value of CUTICUEA, and thus benefit, if ever so little, suffering humanity.

Yours truly.
